

5 February 2017

To whom it may concern,

This letter is to confirm that on 11/2/16 a complaint was made to the RSPCA that Jenny Haysm and Albert Sumer had docked the tail of a dog. The dog was then transported, for sale, to a buyer in Victoria.

After an investigation into this matter, it is determined by the RSPCA that there is no evidence to support a charge of tail docking prior to that dog leaving the care of Jenny and Albert.

Regards

Julie Steley
